If the proposer is not the owner of the vessel he must state what interest he has in the vessel and in what capacity he signs this form.

Data Protection Act

If you have any objection to us holding your information either in full or part, or wish to obtain details of any information we are currently holding on you, please do not hesitate to contact us immediately by telephoning our data protection manager M.J.Pope on 0151 473 8000.

The Proposal Form

This Proposal Form is an important document. In the Proposal Form we ask questions which we consider are material to our assessment of the insurance risk for which you are proposing.

A material fact is one which influences a reasonable and prudent Insurer in accepting the risk or in assessing the premiums.

It is essential that you fully and properly answer the questions that we ask. It is not possible to prepare a Proposal Form which caters for every fact which might be peculiar to you, but which would affect our assessment of the risk.

If you are aware of any fact which would affect or influence our assessment of the risk, then would you please let us have full details below under the heading "Additional Information" or by separate advice. If you are in any doubt as to whether any information should be disclosed to us, you are requested to let us have the relevant information. Completion by you of this Proposal Form does not bind us to give a quotation or accept any Proposal in respect of your vessel.

Any indication of premium given by us is given in good faith but there will be no Insurance Contract between us until we have notified you that we have accepted your proposal and have advised you of the premium that we charge for insuring your vessel and you have accepted our quotation.
